INVITATION TO DURBAN

We are delighted that the International Cost Engineers Council decided to select South Africa as the host country for the ICEC 8th World Congress of Quantity Surveying. The Association of South African Quantity Surveyors will ensure that this congress lives up to the best traditions of previous congresses; incorporating an interesting and topical scientific program, fascinating accompanying persons tours and an excellent social program, allowing delegates the opportunity to network with their overseas colleagues.

South Africa is a magnificent and beautiful country, and offers tourists value for money. Thus, pre and post congress tours will be a major attraction for delegates to come to South Africa. Durban, in KwaZulu Natal, is a vibrant multi-cultured city with magnificent beaches, easily accessible game parks, theme villages and a moderate winter climate making it an ideal tourist destination.

We urge our colleagues throughout the world to use this opportunity to get a glimpse of the continent's rich and fascinating wonders and to enjoy the hospitality of their African friends.

We look forward to welcoming you in Durban in 2012 and will provide more detailed information on the official website as our planning develops further.

Yours sincerely

Rob Pearl
Congress Director ICEC 2012

ASAQS

The Association of South African Quantity Surveyors (ASAQS) was inaugurated in 1908 and recently celebrated its centenary year. The ASAQS was formed to achieve and maintain the following goals and ambitions for the profession and to:

- Advance and promote the science and practice of the quantity surveying, cost engineering and project management professions and cognate matters
- Uphold the dignity of these professions
- Watch over, promote and protect the interest of its members
- Afford opportunity for the interchange and recording of the body of knowledge and experience of these professions
- Promote the high standards of professional competence and integrity

From its earliest beginnings, the ASAQS has grown to include professionals from every area of the construction industry, from private practice, government and quasi-government to construction companies.

The ASAQS initiates, establishes and maintains international ties with various organisations for the purposes of networking and creating global links and opportunities. This includes ongoing contact with ICEC, AAQS and PAQS, amongst others.

The ASAQS will be the hosts for the ICEC World Congress 2012 in Durban and we look forward to extending our warmest South African hospitality to all participants.

Academic Programme

The Academic programme will take place over two and a half days and will highlight the latest advances in:

- Quantity Surveying
- Cost Engineering
- Project Management

Professional speakers from around the world will address the meetings on relevant topics that will provide exceptional content for all participants.

South Africa

GETTING THERE: There are numerous direct flights from all parts of the world to South Africa and Durban boasts the brand new King Shaka International airport.

Durban, South Africa’s warmest place has much to offer the visitor to the country. The city has beautiful beaches, parks and gardens, museums, theatres, excellent sports facilities and world class shopping malls. Modern hotels are located in close proximity to the International Convention Centre and a superb air and land infrastructure exists.

A variety of organised tours will allow visitors to view our rich and diverse cultural, historical, geographical and natural attractions. Outstanding wildlife game reserves, mountains and amazing world heritage sites are within easy reach of the city centre.

The accompanying person’s programme will provide exciting activities and excursions. You and your companion will be given a taste of Africa’s warm and wonderful hospitality.

Social Events

- Opening Ceremony & Welcome Reception
