15 January 2008

Dear Construction Industry Stakeholder

### REGIONAL WORKSHOPS ON THE CIDB REGISTER OF PROFESSIONAL SERVICE PROVIDERS

The Construction Industry Development Board (**cidb**) was established by Parliament as a statutory body to provide leadership to stakeholders and to stimulate sustainable growth, reform and improvement of the construction sector for effective delivery and the industry's enhanced role in the country's economy.

The CIDB has now developed a framework for a **Register of Professional Service Providers** as a flexible system to support a range of methods of procurement. To ensure adequate participation by all parties, the CIDB will consult with interested and affected parties in relation to competitive selection of professional service providers on a regional basis.

**All interested and affected parties are hereby invited to attend the workshop at any of the listed centres**

#### Who should attend?

**Construction industry consultants; Clients of construction industry consultants; Councils; Institutions and associations representing consultants; Professionals in the construction industry; Treasury officials**
